Commander Joseph A. Dempf of the District battalion is right in his element. Ever since the militiamen left Seventh street wharf Commander Dempf has been uttering strange, nautical-sounding phrases which seem to mean something to the boys under his command, but which are a foreign language to those of us who know the sea principally by hearnay and Atlantic City.

District Men First on Board. The District battalion was the first of the naval milita reserves to board the Rhode Island. Arriving at Old Point early yesterday morning, the men im-mediately put off in cutters, and by noon all had been distributed about the ship according to their respective ratings. according to their respective ratings. Shortly after noon along came the North Carolina reserves, 150 strong, and by 2 o'clock in the afternoon the Rhode Island had up-anchored and was off, leaving the renowned and justip popular capes, Charles and Henry, in the distance. Two gunners' crews also made the acquaint-ance of several guns of large proportions under the jurisdiction of the regulate in charge of the guna, and now they are plotting to put that trophy which is being offered by the Navy Department for the best target work done by naval militia organizations this year on the mantel down in a red brick building at the foot of Seventh street.
